**#175 ENGINEERING SERVICES FOR YUBA COUNTY INDUSTRIAL PARK WASTEWATER UPGRADE , YUBA COUNTY**

**STATUS:** Owner Requesting Bids  
**DUE:** 1/3/2014 @ 4:00 PM  
**OWNER:** Yuba County Public Works  
 915 8th Street, Suite 125  
 Marysville, CA 95901  
 PH: 530-749-5420

**PROJECT:**

Project Description A large industrial glove manufacturing facility is proposed for construction by RelyAid Global Healthcare, LLC at the Yuba County Industrial Park located at the north end of the Olivehurst Public Utility District (OPUD) between Melody Road to the south and Furneaux Road to the north. Process wastewater (PWW) generated at the facility will be discharged into the OPUD sewer collection system for treatment and disposal at the District's wastewater treatment plant. The existing gravity system does not have sufficient capacity to convey the ultimate PWW flows anticipated from the glove factory. In addition, the existing Arboga Road gravity sewer system requires cleaning and maintenance due to the age of the infrastructure and possible defects increase the potential for line blockages and sanitary sewer overflows (SSO's).

**BID DOCUMENTS:**

Official Bid Packages may be obtained from Yuba County.

\* To Download CAD files see website link\*

The work to be constructed is located in the City of Menifee in Riverside County, California. The Work comprises of construction of a 2.0 MG potable water storage welded steel tank, site improvements, drainage facilities, and approximately 1,120 linear feet of 18-inch diameter CML&C steel pipeline including valve structure, valves, accessories and appurtenances. The Reservoir and pipeline will be constructed on District owned parcels – APN 384-030-030, APN 384-030-026 – along Daily Road (private road), approximately 2,200 feet south of the intersection of Daily Road and Scott Road. The work includes demolition of an existing 0.21 MG welded steel tank located within a District owned parcel (APN 384-010-034) approximately 2,200 feet south of the intersection of Daily Road and Scott Road. The work also includes traffic control measures along Daily Road (private road) including construction signage and flagmen throughout the duration of construction and demolition.
